

White City Saskatchewan

\$849,900

Welcome to 5 Capitol Place in White City! This nearly 3,000 sq ft home sits on a large lot on a quiet bay in White City. Upon entering the home you are greeted with the show stopping kitchen! The main floor has seen a recent renovation by Alair Homes. The high end kitchen features soft close drawers, a massive island with quartz countertops, additional storage on the backside of the island, 2 sinks, an oversized double fridge, coffee station & large walk in pantry. Not to mention the incredible views that overlook the outdoor pool! The large dining space overlooking the front of the home features a natural gas fireplace making family meals cozy and inviting. The living room is spacious and features another fireplace. Off the living room is a sunroom that can be used year round! Completing the main floor; an office, 2pc bath & mudroom that connects to your 4 car garage! Upstairs you'll find 5 spacious bedrooms, 3 of which have walk in closets! One bedroom even has a 4 pc ensuite (and that's not the Primary!). The primary includes a Jacuzzi tub and steam shower! A 2nd floor laundry room completes the 2nd level. Outside you are going to love the in ground heated pool, 11 person hot tub, and a sport court perfect for badminton, tennis, pickle ball and 2 basketball nets! Ideal for any sports lover! Behind the sport-court & fence is more property perfect for additional parking, or...
