Single-level living with architectural personality and GREENBELT privacy! Set on a fully fenced and landscaped 9,192 sqft lot in Granger, this distinctive 1,720 sqft rancher offers 3 bedrooms, 2 bathrooms and an attached double garage. Inside, varied ceiling heights, pillars and a sunken living room give the home a style all its own. The living room is tucked along the back of the home with a propane fireplace and windows overlooking the park-like yard. A formal dining room leads into an expansive kitchen designed for everyday living, with a peninsula, coffee bar, pantry, breakfast nook and direct access to the sunny side deck and gazebo. The thoughtful split-bedroom layout places the vaulted primary suite—with walk-in closet and spacious ensuite—at one end, while two well-sized bedrooms and an updated 3pc bathroom occupy the other. Mature landscaping, excellent sun exposure and trails beyond the fence complete this unique Granger package. (id:6769)
