

5128 MEDEEK Avenue Terrace British Columbia

\$569,900

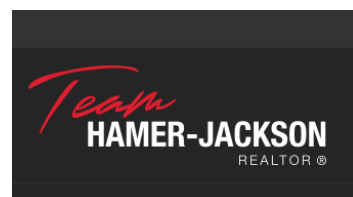

* PREC - Personal Real Estate Corporation. Looking for an acreage in town?
This 2.89 acre property on the south side of Terrace has lots of potential. The current home on the lot is in rough shape, but if you are handy, you could turn it into your dream property. Or perhaps you are interested in subdividing it or a possibility to have it rezoned to R3 - of course with the City's approval.
