Lakeline Gallery is a contemporary art gallery and creative destination located in downtown Penticton, BC. Built with a modern, premium aesthetic, the gallery has been developed as more than a traditional art space—it is a growing cultural brand with strong potential for expansion. The gallery currently represents 15 artists, has established branding and social media presence, and has generated media exposure through Castanet and local community engagement. Significant work has already been completed, including gallery build-out, artist recruitment, marketing, launch events, and business development. A major upcoming initiative is an Indigenous-focused portrait and cultural storytelling exhibition that is expected to generate increased media attention, gallery traffic, collector interest, and future growth opportunities. Revenue is generated through artwork sales and artist commissions, with additional opportunities through events, sponsorships, corporate partnerships, workshops, and future online sales. A key advantage is the favorable lease arrangement and the potential future opportunity to acquire the building, creating additional long-term value. Lakeline Gallery is available for acquisition, partnership, or investment. This is an opportunity to step into an established and professionally branded business with momentum already in place and significant upside potential ...
