Welcome to 52 Omega Street—where cozy comfort meets elevated living. This 2,600 sq ft detached home backs onto green space with beautiful mountain views, offering a seamless connection to the outdoors. Featuring 5 bedrooms and 3 full bathrooms, the flexible layout suits families, guests, or home office needs. The open-concept main floor is warm and inviting, with a full bathroom—perfect for visitors or multi-generational living. Upstairs, the primary suite includes a private balcony to take in the views. Thoughtful upgrades include heated tile floors, custom closets, and an organized mudroom. Durable LP S siding, vinyl plank, and tile flooring add style and longevity. The double attached garage fits a full-size truck. Comfortable, functional, and beautifully finished—this home truly stands out. (id:6769)
