

## 5290 Sumac Street Oliver British Columbia

Oliver Rural

# \$1,600,000

A once-in-a-lifetime English-inspired estate property in the heart of Canada's Wine Capital. Lovingly maintained and brimming with heritage charm, this stunning Tudor-style home sits on 2.3 acres of mature, meticulously kept grounds so breathtaking that couples have chosen this very lawn for their wedding day. From the moment you arrive, the lush gardens, stone pathways, creeping ivy, and timeless character of this property set it apart from anything else on the market. Inside, the 3,349 sq. ft. home offers 5 bedrooms, 4 bathrooms, fir hardwood floors, 10-foot ceilings, leaded glass windows, and a beautifully modernized kitchen with premium appliances that opens directly onto a large entertaining patio. Step outside to discover a large heated saltwater pool and charming pool house, a detached garage, an irrigated vegetable garden, and a producing orchard of cherries and peaches -- all framed by sweeping views of the Okanagan Valley, the town of Oliver, and Mt. Baldy. Surrounded by world-class wineries and vineyards, this is a property that captures everything the South Okanagan lifestyle has to offer. Immaculate, move-in ready, and truly irreplaceable. Properties like this are not built anymore -- and they very rarely come available. (id:6769)
