

5305 Bradbury Street Peachland British Columbia

Peachland

\$1,190,000

Peachland living at its finest, where peace, privacy, and panoramic lake views define the Okanagan lifestyle. Set on a rare 0.36-acre flat lot, this property offers usable land paired with unobstructed south-facing lake views toward Penticton and the stunning sunsets. This custom-built West Coast-style home is anything but typical, featuring Douglas fir beams and floor joists, cedar-cased windows, and a warm, natural feel, all tucked privately among the trees. Inside, a sunken living room with vaulted ceilings creates a true showpiece. The kitchen has been beautifully updated with a \$40,000 renovation, offering custom cabinetry and modern function. Upstairs includes three bedrooms, highlighted by a spacious primary bedroom with an updated ensuite that includes laundry. The walk-in closet has much more potential, as there is a big storage room behind it. A fourth bedroom or office sits on the main floor. Outdoor living shines with a pergola-covered patio, garden space, and expansive lawn, perfect for families or entertaining. Rare, private, and irreplaceable. If you're looking to plant roots and enjoy the best of the Okanagan, this is it. (id:6769)
