Glenmore

\$959,000

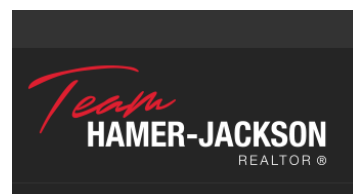

Start your engines, there will be a race to THIS one! It's rare to find a move-in-ready home of this size under \$1m that is within walking distance of the highly ranked Dr. Watson Elementary School. This home offers all kinds of options, with space across three floors to live, work, and play. It has recently had several costly updates and upgrades, but over time, the new owners will have the opportunity to create some meaningful sweat equity. As soon as you pull up, you will note that the home has impressive curb appeal, and as you walk in, the entrance also has an impressive, expansive feel. The home has some authentic charm and so many possibilities. Floor plans and a list of recent updates are available upon request. But don't wait to book your private showing, this one will not last!
