

5393 East Vernon Road Vernon British Columbia

North BX

\$2,899,000

A rare opportunity to own a modern country estate on over 15 certified organic acres just five minutes from Vernon. This 4,687 sq. ft., 6-bed, 4.5-bath residence was extensively renovated by Keith Construction in 2022, featuring premium quartz surfaces, luxury wide-plank flooring, solid wood doors, Lutron lighting, updated plumbing and electrical, and in-floor radiant heat on all levels. A chef's kitchen with Wolf appliances, a Fisher & Paykel built-in fridge, butler's pantry, and large island opens to sun-filled living and dining spaces, along with a covered west-facing Western Red Cedar deck with hot tub for effortless indoor-outdoor entertaining. The upper-level primary suite is a true retreat with lake and orchard views, a Juliette balcony, and spa-inspired ensuite, while a separate one-bedroom in-law suite on the lower level offers private access, parking, and a patio. A 4,000+ sq. ft. lofted, fully serviced shop with three bays, mezzanine office, and RV/boat capacity creates incredible potential for hobbies, storage, or a home-based business. The property also includes 4+ acres of mature organic apple trees featuring 20 varieties, creek frontage, ample exterior and interior parking, and panoramic valley and lake views. (id:6769)
