

5402 Kestrel Lane Kelowna British Columbia

Upper Mission

\$1,428,000

If space, comfort, and a beautiful setting are on your wish list, this home is sure to impress. Offering over 4,035 SF, 5 bedrooms including a primary suite on the main floor along with a den and 3.5 bathrooms, its thoughtfully designed for growing families and busy lifestyles. Perched above a tranquil ravine, the home captures lovely views stretching toward Okanagan Lake. Inside, you'll find a functional three-level layout with durable vinyl flooring that stands up well to everyday life. The kitchen is a true gathering place, offering a large island, ample cabinetry, a gas range, and a walk-in pantry to keep everything organized. Located in the sought-after Upper Mission, you're just steps from nature trails and close to schools. Built by Rykon, a trusted local builder known for quality craftsmanship, this home offers a great balance of style, comfort, and everyday convenience. (id:6769)
