

546 Gowen Place Kelowna British Columbia

Upper Mission

\$1,199,900

Discover the perfect blend of elegance and scenery in this impressive walk-out rancher, expertly designed to showcase stunning views of local orchards, the city, and Okanagan Lake. The main floor offers a desirable open-concept layout defined by soaring vaulted ceilings and expansive windows that draw the breathtaking lake views directly into the living space. This level thoughtfully includes three spacious bedrooms, featuring a primary suite and a secondary bedroom that both boast private ensuites for elevated comfort and convenience. The lower level serves as a versatile hub for relaxation and hobbies, equipped with a dedicated media room and projector alongside a spacious recreation room. Three additional bedrooms provide exceptional flexibility, easily serving as a quiet home office, private gym, or guest quarters. Transition seamlessly to the outdoors via the covered patio to enjoy the private hot tub and yard space, ideal for children and pets. This home beautifully combines sophisticated design with functional family living, capturing the very best of the valley's natural beauty through every window. Representing incredible value, this property is priced \$184,000 under the assessed value. (id:6769)
