

## 5639 Jasper Way Kelowna British Columbia

Kettle Valley

# \$1,698,500

Proudly presenting this great family home! Located in the Kettle Valley Highlands subdivision. This home showcases quality throughout with a custom kitchen loaded with granite and a large island with extra sink, and easy access to the rear covered deck for the BBQ sessions! 6 quality appliances, volume ceilings, extensive use of travertine and hardwood floors throughout, luxurious 5 piece ensuite just off the primary suite with heated floors, spacious sundecks with easy access to relax and watch the sunsets. The principal living areas are complemented with the primary bedroom, secondary bedroom with its own ensuite, generous laundry with sink and half bath. Upon entering the lower level you'll enjoy the games room, media room and 2 additional bedrooms and another 4 piece bath, plus storage and mud room just off of the triple garage which has an EV hookup .... This can be yours, you deserve it! (id:6769)
