

5669 Mountainside Drive Kelowna British Columbia

Kettle Valley

\$550,000

Perched above the lake in one of Kelowna's most sought-after hillside communities, this exceptional building lot offers the perfect opportunity to create a custom luxury residence tailored to your lifestyle. Enjoy sweeping lake, valley, and mountain views from an elevated position surrounded by quality homes and upscale new construction. The lot can be offered with professionally designed plans for an approximately 5,000 sq.ft. contemporary home featuring a 3-car garage, 5 bedrooms, and 5 bathrooms, thoughtfully designed to maximize views and indoor-outdoor living. The main level is designed to walk out seamlessly to a pool patio and yard space -- ideal for entertaining, sunset dinners, and Okanagan summers. The proposed design also includes a fully self-contained garden suite on the lower level, perfect for extended family, guests, or additional income potential. With modern architectural lines, expansive windows, and warm wood accents, this is an opportunity to build a signature home that captures both the scenery and the lifestyle Kelowna is known for. Bring your builder or use the existing plans -- either way, this is a rare chance to secure a premium view lot with vision already in place. (id:6769)
