Finding a property with panoramic lake views is one thing. Finding one that pairs those views with exceptional parking, a drive-through shop & outdoor space you can actually enjoy? That's a different story. Imagine starting your mornings with the sun pouring across Okanagan Lake, with uninterrupted south-facing views that stretch from Summerland to Kelowna. Set on 0.52 of an acre along a quiet no-through road in Peachland, this is a place where you can enjoy a little breathing room, incredible privacy & outdoor space that doesn't come with the responsibility of maintaining an oversized property. The expansive parking area offers parking for multiple RVs, while the attached shop features two garage doors with drive-through access, making it equally practical for projects or simply having somewhere to put everything. The home itself is warm & inviting, with its views taking centre stage, while the lower level provides additional functional space, storage & a separate area for visiting family or friends. Need another bedroom down the road? There's potential to create a third. Long afternoons spent on the deck overlooking your own putting green, evenings soaking in the hot tub, room for all your recreational toys & a view you'll never tire of. It's the kind of property that makes room for the way you actually want to live. All of it, without sacrificing your weekends to propert...
