Discover custom-built luxury in this stunning 5-bedroom, 5-bath home featuring a bright, legal 1-bedroom ground-level suite. This high-efficiency smart home boasts soaring vaulted ceilings, a dramatic floating staircase, and rich wide plank wood floors. The open-concept main floor centers around a chef's kitchen with quartz countertops, custom cabinetry, and a hidden walk-in butler's pantry. Flow effortlessly into the spacious dining and living areas warmed by a gas fireplace, then step out onto the front deck to enjoy Okanagan Lake and mountain views. The private backyard is an entertainer's dream with a heated saltwater pool, hot tub, and ample space to relax or host gatherings. The main-level master suite offers a spa-like retreat with a soaker tub, glass-enclosed shower, and double floating vanity with undermount lighting. Two additional bedrooms share a stylish Jack & Jill bath, with one bedroom featuring a queen Murphy bed—ideal for guests or a home office. A large laundry room with abundant counters and cabinetry enhances daily functionality. The lower level features a generous rec room with an electric fireplace, wet bar, guest bedroom, and full bath. The oversized three-car garage easily fits a boat, a car, and plenty of toys. Exceptional millwork, designer fixtures, and quality finishes elevate every room. Enjoy close proximity to top schools, parks, dining, and O...
