Welcome to this beautifully updated 3-bedroom, 2-bath home with an in-law suite, packed with modern upgrades and thoughtful details. Situated on a spacious .22-acre corner lot, this property perfectly balances style, comfort, and functionality. The exterior showcases durable cement board siding, all-new windows and doors, and a newer roof (2015)–built to last. Step inside to discover sleek vinyl flooring throughout, a new water softener, and reverse osmosis systems on both levels for pure, refreshing water. Designed for year-round comfort, this home features on-demand hot water, a high-efficiency gas furnace, and a heat pump to keep energy costs low and comfort high. Outside, the comprehensive irrigation system ensures your lawn and garden stay lush and vibrant. A true standout is the 16' x 32' insulated and heated detached garage, complete with 100-amp service–perfect for a workshop, storage, or projects. The home itself is upgraded with 200-amp service, providing ample power for all your needs. Plus, with three 30-amp RV plugs and generous parking, this property is built for convenience and versatility. This move-in-ready home offers modern amenities, smart upgrades, and unbeatable convenience–don't miss your chance to make it yours! (id:6769)
