

5962 Victoria Street Peachland British Columbia

Peachland

$1,249,000

Sweeping Okanagan Lake views, an expansive primary retreat and a detached mechanic's shop set this custom-built Peachland home apart. The four-bedroom, three-bathroom main home offers 3,005 sq. ft., plus a separate 450 sq. ft. in-law studio above the shop, for 3,455 sq. ft. combined. The great room features an 18-foot ceiling, a stone fireplace and tall windows that frame the lake. The kitchen has a walk-in pantry, and the dining area opens onto a large lakeview deck. Two bedrooms, a full bath and laundry complete the main level. Upstairs, the family room opens onto a lakeview balcony, while the primary retreat has its own covered balcony, a fireside sitting area, a generous walk-in closet and an ensuite with dual sinks, a soaker tub and a separate shower. In-floor heating under ceramic tile, a fenced lawn and a patio with a gazebo round out the main home. In addition to the attached garage, the detached double garage is set up for automotive work with a 6-foot-deep service pit, a gantry crane setup and provisions for a vehicle lift. The studio above has a kitchenette and its own bathroom. Explore the 3D tour, then book a showing to see the views and shop in person. (id:6769)
