Welcome to the perfect family home in one of West Kelowna's most loved neighbourhoods! Tucked away on a quiet side street, this bright 3-bedroom, 3-bathroom end-unit townhouse delivers space, privacy and incredible flexibility. Great curb appeal, a double garage and private backyard set the stage, while inside a large open foyer leads to soaring vaulted ceilings, a dramatic catwalk overlooking the main living area and a cozy gas fireplace with stone surround. The spacious bedrooms include a primary with 4-piece ensuite, while two additional dens/flex spaces offer endless options for a home office, gym, yoga studio, craft room, kids' zone or even a 4th bedroom. Nearly 1,000 sq. ft. of unfinished basement space is ready for your vision, with room for a rec room, theatre or games room and plumbing already in place for another bathroom. Meticulously maintained with new flooring in 2023, all new appliances in December 2025 and a new washer in 2026. Best of all, Mar Jok Elementary is just a one-minute walk away! Enjoy a community pool, tennis courts, community garden, daycare, coffee shop, nearby parks and endless hiking and biking trails, all just 10 minutes from downtown Kelowna and Okanagan Lake.
