

## 608 Mackenzie Avenue Kamloops British Columbia

North Kamloops

**\$564,900**

This well priced Family starter home is in immaculate move in condition and shows very well. Two bedrooms on the main floor with full finished basement which has a huge rec room, storage room and bedroom which needs a door installed to finish it off. The front yard is easy care maintenance with no lawn and the rear yard is parklike with nice features. Detached single car garage with attached storage shed and a nice sunroom off of the rear of the home makes for a nice feature. This is a very nice home and will not disappoint. (id:6769)
