Upper Mission

\$1,980,000

This prestigious street has long been a destination of choice for leaders in business, sports, and life who appreciate quality craftsmanship, privacy, and incredible views. No two homes are alike, and only the best builders were permitted to work in this small enclave. The Quarry subdivision is a few streets of very high-quality homes with an exceptional location. It is often referred to as "Upper Lower Mission" since you get the expansive views while being directly adjacent to Lower Mission's beaches, schools and amenities. Step inside this custom-built home and you will find a well-laid-out living space rich with quality design & materials. Large picture windows will have your guests in awe. By night, the stars reflect on the lake in harmony with the sparkling city lights. The pool and oversized pool deck offer a place for several families to connect and make memories. Step back inside later and enjoy movie night in the home theatre, but don't stay up too late--the gym will be calling you early in the morning! Everything is here for a high quality of life and to entertain your guests in style. It is like your own resort: the right home, in the right neighborhood, at the right price. Don't miss this opportunity to buy at a price that allows you to personalize the home and still be hundreds of thousands of dollars ahead of recent purchases. Book your private showing today,...
