One-of-a-Kind Character Home with Show-Stopping Lake & Mountain Views! Welcome, future homeowners and dream chasers! This is not your average listing--this is your chance to own a piece of South Okanagan history with jaw-dropping 180° views of the lake and mountains, all set on an incredibly rare .459-acre flat lot. Yes, you read that right--nearly half an acre of usable space with panoramic views... practically unheard of! Originally built in 1927, this home oozes charm, soul, and timeless personality, but don't be fooled--she's been extensively and tastefully renovated with no expense spared. The result? A stunning blend of vintage character and modern luxury. Every inch tells a story, but you won't find "cookie-cutter" anywhere here. Outside, the expansive yard and beautiful patios offer plenty of room for entertaining, relaxing, or dreaming up your next big idea. Got toys? There's tons of parking for RVs, boats, or whatever your adventurous heart desires. Bonus: a 450 sq. ft. detached garage/workshop and an extra 200 sq. ft. cold storage building--just in case you're running out of room for greatness. This home is perfect for creatives, old-soul romantics, view-lovers, and anyone tired of bland and boring. Unique, inspiring, and built to stand out--just like you. Opportunities like this don't come around often. Book your showing today and fall in love with something...
