Peachland

\$999,900

Lake views AND income potential? Yes please!! This is your chance to break into the market in beautiful Peachland—often referred to as one of B.C.'s happiest communities—with incredible lake views and serious cash flow opportunities. Perfectly positioned to take full advantage of the surrounding scenery, this property offers panoramic lake views from every level—the kind of lake views everyone puts on their "must have" list when travelling to the Okanagan Valley. The main home features 3 bedrooms and 2 bathrooms across two levels, while the real bonus is what comes with it: three additional private-entry suites, each with their own balcony overlooking the water. With a history of successful BNB use, these spaces create an opportunity to generate income and offset your mortgage, which is a huge advantage for buyers trying to get ahead. Set on a rare double-sized lot, there's also future potential to explore subdivision adding even more long-term value (buyer to verify with the municipality). If you've been looking for a way to get ahead instead of just getting into the market...this is it! (id:6769)
