Nelson South/Salmo Rural

\$1,999,999

Rarely does a property of this calibre emerge -- one where architectural craftsmanship, untamed wilderness, breathtaking mountain views and resort-calibre amenities converge on 9.12 secluded acres of pure British Columbia grandeur. A masterwork of custom log construction, this four-bedroom, three-bathroom residence honours its mountain surroundings without compromising an ounce of refinement. Rich hardwood floors run throughout, warmed by radiant in-floor heating, while a commanding wood stove anchors the open-concept living space. The primary suite offers a deep soaker tub overlooking the property, and a lower-level retreat with two bedrooms and a steam shower ensures every guest is accommodated in style. Outside, an eleven-foot pool with natural rock features and a custom pergola sets the stage for effortless entertaining. A hot tub, irrigated soccer pitch, raised garden beds, and endless natural terrain complete the picture. A detached workshop with a finished yoga studio above adds yet another dimension to this remarkable estate. Additional Fed by both a private well and a natural creek, and positioned just fifteen minutes from Whitewater Ski Resort and twenty from Nelson -- this is not simply a home. It is a legacy holding, waiting to be claimed. (id:6769)
