Calling all DIY dreamers, and renovation enthusiasts, this is your golden opportunity to own a truly unique home! This architecturally-designed home boasts a large pan-handle lot with nice panoramic Valley views in popular Bluejay subdivision. Step inside and be transported back in time with a sunken living room and soaring vaulted ceilings! The home is solid, It's a three bedroom, three bath multilevel split home, with high vaulted ceilings, wood features and some great retro style. Upstairs you'll find a Primary suite complete with a walk-in closet, full ensuite bath plus 2 additional bedrooms. Outside, the home has a pool and hot tub off the deck, but it hasn't been used in decades, and may need to be decommissioned. The basement is partial and mostly unfinished, but perfect for a rec room or a bedroom. The crawlspace is easily accessible and provides great storage. Outside, there's lots of yard space and parking: It has an attached double garage, a carport off the back, as well as a separate double garage with a small residential suite above, including a kitchen and bathroom perfect for guests or in-laws! This one's got the bones and bonus features to make it something special... Bring your hammer and get started! (id:6769)
