

Whitehorse Yukon

\$799,500

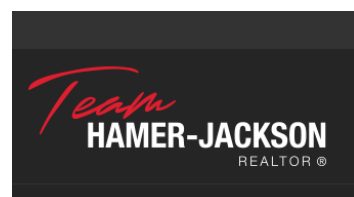

Set on a lovely greenstreet, this 3-bed, 2.5-bath beauty blends comfort, style, and design. Step into a bright, open-concept main floor with 9' ceilings, large windows, and a welcoming tiled entry. The kitchen is a standout with solid surface countertops, an oversized island, soft-close cabinetry, and an impressive gas range ready for your culinary adventures. A sunny back deck is perfect for BBQs or soaking up the evening light. Need a home office or creative nook? The main floor bonus room has you covered. Upstairs features a second living area, full bath, laundry room, and three bedrooms—including a serene primary retreat with walk-in closet and a stylish ensuite with double sinks and subway-tiled tub/shower. Electric heat is supplemented by a cozy propane fireplace. A single detached garage, double driveway, and included furnishings make this home move-in ready. Built with care by Kodiak Construction known for quality and thoughtful design. Call your Realtor today! (id:6769)
