

714 KUIPERS Crescent Kelowna British Columbia

Upper Mission

\$2,950,000

Pure luxury meets elevated living in this exceptional entertainer's paradise, showcasing breathtaking, far-reaching city and lake views. Thoughtfully designed for seamless one-level living, the main floor offers a refined and functional layout anchored by a stunning primary retreat featuring dual closets and a spa-inspired ensuite that exudes comfort and relaxation. The home office/den provides the perfect space for productivity without compromising style. At the heart of the home is a showpiece kitchen designed to impress, complete with two butler's centres flanking the main cooking area, ideal for hosting. The walkout lower level expands your lifestyle with incredible amenities, including a spacious lounge with fireplace (perfectly sized for a pool table), full bar, private 8-seat theatre room, wine room, indoor gym with steam room, and a dedicated music studio. Two additional bedrooms each feature their own full ensuites, with one offering a private office or flex space and direct access to the poolside--ideal for guests or extended family. The outdoor living spaces offer exceptional privacy while remaining just minutes from the city's best shopping, dining, and amenities. Recent updates include a newer pool liner (2018), pool heater (2022), hot water tank (2022), and resealed pool deck and driveway (2022). This is a rare opportunity to own a luxurious, resort-style home ...
