

7180 Apex Drive Vernon British Columbia

Foothills

\$1,200,000

This is one of those homes where the features just keep coming. Offering over 3,000 sq. ft. with 4 bedrooms and 3 bathrooms, this beautifully finished Foothills home combines incredible views of Vernon, Kalamalka Lake and the surrounding valley with a thoughtful floor plan and an impressive level of detail throughout. The main living area is bright, open and dramatic with 9 and 10 ft ceilings, walls of glass, a beautiful kitchen with quartz counters, gas range, high-end appliances and extensive custom lighting. The spacious primary suite is a true retreat with fireplace, walk-in closet and a spa-like ensuite featuring heated tile floors, dual vanities, soaker tub and an oversized custom shower. Downstairs is built for entertaining with a dedicated home theatre, wet bar, glass wine display, large family/games area and an impressive fitness room with rubberized flooring and plenty of natural light. Additional highlights include heated floors in all bathrooms, extensive built-in speakers and lighting, smart-home controls, a 10 ft garage door, central air, built-in vacuum and a beautifully landscaped, fully irrigated backyard that is actually usable--a real bonus in the Foothills. A feature-packed home with exceptional indoor and outdoor living, great entertaining spaces and views that are just as impressive at night as they are during the day. (id:6769)
