Kelowna South

\$1,450,000

Great investment opportunity in an excellent location just minutes from the hospital! This full duplex offers two similar units, providing flexibility for investors, multi-generational families or those looking to live in one side while generating rental income from the other. Each unit features 5 bedrooms plus a den, 3 bathrooms, a good-sized kitchen and living room, along with a lower-level rec room and two additional bedrooms. Laminate flooring throughout the main areas, with carpet on the stairs. Each side also offers a small yard with patio space, a storage shed. Parking includes a single-car carport plus additional space for two vehicles, providing a total of three parking spots. (per side) Both units are very similar in square footage and layout, with some slight changes like flooring etc. making this a great opportunity to own both sides of the property. Please note: Unit 725 is the only side available for viewing. The other unit is tenanted, and all showings will be conducted in Unit 725 only. A rare opportunity to purchase a full duplex in a convenient location close to the hospital and everyday amenities! Unit 721 can be viewed once we have an accepted offer with subject to viewing.
