

7212 HERON Lane Osoyoos British Columbia

Osoyoos

\$699,900

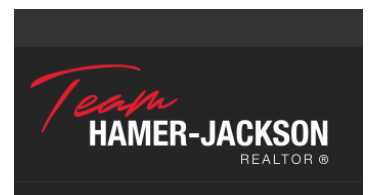

Set on a 0.30-acre lot with duplex/fourplex zoning, this is a great opportunity in a central Osoyoos location--just minutes to downtown, the beaches, shopping, schools, and restaurants. The home offers 4 bedrooms and plenty of character. On the main floor, you'll find two bedrooms, a comfortable living space with hardwood floors, and the added convenience of main-floor laundry. The kitchen has been nicely updated and features two skylights that bring in a lot of natural light. Downstairs includes a non-conforming suite, giving you extra space for family, guests, or some flexibility depending on your needs. Outside, the large lot, landscaping, and overall exterior give you room to improve and add value over time. With zoning that allows for higher density, there's also solid long-term potential in the future. Updates over the years include the kitchen, bathrooms, and flooring, making it move-in ready but still tons of room for your ideas to make it your own and build equity. Book your showing today! 250-408-8788. (id:6769)
