

730 Parkville Street Sicamous British Columbia

Sicamous

\$689,000

Pride of ownership is evident throughout this immaculate 3 bedroom, 2 bathroom rancher in a great Sicamous neighbourhood—must see to appreciate. Move-in ready with updated modern colours, a functional layout, and quality finishes throughout. The kitchen features granite countertops, oak cabinetry, and tile backsplash, while 3/4" hardwood and porcelain tile flooring run through the main living areas. Crown mouldings in all three bedrooms add a nice touch. Major updates include a new propane forced air furnace (2019), hot water tank (2020), and a new deck (2025). The home offers central air conditioning and a full 4' concrete crawl space providing excellent storage. Step outside to a private, fully fenced backyard with underground irrigation, new storage shed, and beautifully landscaped front and back yards. The large deck is wired for a hot tub (new disconnect and breaker required), creating a great space to relax or entertain. Plenty of room for vehicles and toys with a single detached garage, two carports, oversized parking, and extra driveway space including RV parking. Ideally located close to the Sicamous walking trails and just steps to the elementary school. (id:6769)
