# \$775,000

Classically designed two storey 4+ bedroom home on a lovingly maintained oversized lot on a quiet street in Brocklehurst. Beautiful established landscaping, very private fenced back yard carport parking for 2 vehicles and an oversized garage perfect for a large family. Traditional main floor layout includes an oversized kitchen with infloor heat and retro-cool custom eating booth. There's a huge family room off the kitchen on one side and on the other side is a formal dining room and living room with oversized windows and gas fireplace. Upstairs has 4 large bedrooms plus full bathroom and full ensuite. Tons of additional storage upstairs as well. Full basement is partially finished with an office room and does have outside access to the carport in the back. This home is walking distance to grocery stores, coffee shops etc but located on a very quiet street near the river. Amazing curb appeal, great fit for a large family looking for a well-priced, well-maintained home. (id:6769)
