* PREC - Personal Real Estate Corporation. This awesome home in the highly sought-after Malaspina Ridge neighborhood backs onto a greenbelt and playgrounds. The exterior is gorgeous, and inside, you'll find a spacious kitchen with a sit-up island open to the living area. Lots of large bright windows through out the home. Upstairs, there are 3 bedrooms (2 with walk-in closets) and a big bonus room. The basement has rough-in plumbing for an extra bathroom, and while the current laundry is in the basement, there are hookups in the mudroom on the main floor. It also has a true double garage. Plus, you're just a few blocks from daycare, schools, and plenty of walking trails. (id:6769)
