Escape to this exceptional 2.47-acre mountain retreat just 12 minutes from SilverStar. Built by award-winning Bercum Builders, this home blends rustic elegance with modern upgrades. Vaulted ceilings, timber beams, and expansive windows create a warm, light-filled space anchored by a wood-burning fireplace. The gourmet kitchen has been renovated with quartz countertops, new appliances, and a butler's pantry connecting to a peaceful screened-in lanai. The primary suite features a spa-like ensuite and a private deck with a cedar barrel sauna. The walkout lower level includes two bedrooms, a full bath, family space, and mudroom. Above the garage, a self-contained studio with private entrance, bath, and balcony is ideal for guests or home office. Outdoors, enjoy private hiking trails, a seasonal creek, greenhouses, and an entertainer's patio with outdoor kitchen and turf terrace. Recent upgrades include new heating system, 2024 septic, fire mitigation, and 50-year roof. Truly a rare lifestyle opportunity. (id:6769)
