\* 23 years young this modern bi-level style home has been 'impeccably' kept over the years & built to take in the fabulous views & the unbeatable privacy. Very unique layout the home was built to suit the current owner's lifestyle, is the first time offered for sale & you will be pleasantly surprised. Bright/wide open floorplan, 9' ceilings, beautiful fir flooring & plenty of fir trim & highlights throughout. Well thought-out covered decks & patio spaces on front & rear of home to take in the ever-changing seasonal views. Lower level is essentially a fully self-contained in law suite comprised of rec room, kitchen, 2 bedrooms, 4 pc bath, glassed-in greenhouse & private grade level entry. Attached one car garage has plenty of extra workshop space &/or storage. The 'detached' 450 square foot garage is all set up for extra storage & workspace area & a pretty cool 'mancave' c/w 3 piece bath & woodstove.
