Welcome to "827 Juniper" this Well-Planned Bright & Spacious 2959sqft, 4 Bed, 4 Bath Home - is nestled amongst a family and pet friendly community, offering modern features and open concept living. The spacious open-concept main level blends the contemporary white kitchen, plenty of cabinetry, a pantry, stainless appliances and an island, with the dining space and great-room - perfect for family events and entertaining. The living-room, anchored by a quartz surround gas fireplace, wood beams, transom windows, and sliders - open to the covered deck, hot-tub area and fenced backyard. A sleek white powder-room and convenient mudroom with oversized closets accessing the garage completes the main level. Upstairs, the king-sized primary offers views of the backyard, a walk-in closet, and a spacious 4pc ensuite with white cabinets and storage closet. Two additional large bedrooms with huge closets, a 4pc bathroom, lovely laundry room with built-in storage and wash sink add to the home's functionality. Let's not forget the ample sized basement bonus space with separate entrance; home to a bedroom, 4pc bathroom, kitchen area (no range) and great-room - perfect as an extended living space, in-law suite, etc. Step outside to the manageable fenced backyard, irrigated green space, concrete patios & walkways, gardens, shed, gas BBQ hookup, and hot tub with cover. 200amp(main) with 100amp(...
