876 Boynton Place delivers exactly what luxury buyers are looking for: a stunning 5-bedroom, 4-bathroom custom build tucked into a quiet cul-de-sac, where soaring ceilings, an open-concept layout, and walls of windows fill the space with natural light and frame views you'll never get tired of. At the heart of it all is a chef-inspired kitchen made for both everyday life and serious entertaining, with quartz countertops, stainless steel appliances, and an island big enough to gather the whole crowd around. Retreat to the primary suite at the end of the day, where a spa-like ensuite with double vanity and walk-in glass shower awaits. Step outside and the good times keep going, with a private pool and covered patio setting the scene for long summer evenings or relaxed year-round hosting, all framed by landscaping designed to look good with minimal upkeep. Set in one of Kelowna's most sought-after neighbourhoods, you're just minutes from parks, hiking trails, shopping, and top-rated schools, everything you need, right where you want it. (id:6769)
