

Whitehorse Yukon

\$193,900

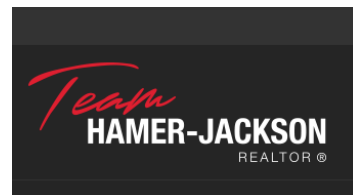

This 3-bedroom, recently renovated mobile home is move-in ready and waiting for its new owners. Step inside to a spacious entryway that leads into a warm and inviting living room, featuring a Napoleon wood fireplace--perfect for keeping cozy during Yukon winters. A convenient pass-through connects the living area with the kitchen and dining space, creating a comfortable and functional layout. The home offers three bedrooms, providing plenty of flexibility for family, guests, or a home office. At the rear of the home, you'll also find a useful storage room with direct access to the backyard. Recent improvements include a propane furnace installed in December 2021, eliminating the need for an oil tank. The roof was torched-on in 2015, and updates to the paint and flooring have been completed throughout the home. A comfortable and practical home with several important upgrades already taken care of.
