

5101 19 Street 9 Vernon British Columbia
 Harwood
\$589,900

Finding a townhome that works for large-dog owners is rare. This one does - up to two dogs with no size restrictions. An added bonus is that it backs directly onto BX Creek Trail so morning walks are seconds away. This well-maintained 2-storey townhome offers 1,366 sq ft of comfortable living. The main floor features hardwood floors, a gas fireplace in the living room and a kitchen with full-size appliances. Upstairs you have three bedrooms (including a primary with a 3-piece ensuite) and a full bathroom. The laundry is thoughtfully located upstairs as well. Out back, a fully fenced yard measuring approximately 62' x 33' gives dogs room to run and you room to relax (or garden). A storage shed keeps things tidy -- and the strata cuts the lawn, so you get the yard without the weekend obligation. Bonus, there is a natural gas BBQ hookup. Parking includes a single-car garage plus one additional stall. Hot water tank replaced in 2023. The strata is self-managed and well-run, a detail that matters more than most buyers realize until they're living somewhere that isn't. Whether you're a young family, right-sizing for the next chapter, or simply tired of renting with pets -- this one checks boxes that are genuinely hard to find together. (id:6769)
