Welcome to West Kelowna's most thoughtfully built modern farmhouses, tucked inside a private gated community of just 4 homes. No strata. At over 4,300 sq ft of finished living space on 2 levels, this home was designed for people who want it all & aren't willing to cut corners to get it. Oh, and the views? Okanagan Lake, straight on, drop dead gorgeous. The main floor opens to a vaulted great room anchored by white oak beams & wide plank flooring throughout, with those lakeviews in every direction you look. The kitchen is built around panel-ready Jenn-Air appliances, a butler's pantry with sink & built-in espresso machine & enough space to actually cook. Step out onto the 45'x14' covered deck with natural gas table, in-soffit heaters & just enjoy that view. This is what Okanagan living is supposed to feel like. Every bedroom has its own bathroom. The primary suite features a custom sauna. Downstairs is where this home separates itself. Radiant hydronic heated floors throughout the entire lower level. Massive gym, hockey puck shooting room (easily converted), oversized storage & covered patio with hot tub. RV & boat parking on site. The heated 3-car suspended garage handles your vehicles, gear & projects. Complete with Control4 smart home system for audio, lighting, security, climate, networking & entertainment, all from your phone, wall-mounted touchscreen or keypads througho...
