Introducing an incredible find—a 3-bedroom rancher with a walk-out basement that offers unbeatable views of Okanagan Lake and the valley. Step into the open-concept main floor, where you'll find a spacious living room with a cozy gas fireplace, a spacious dining area and a chef's kitchen featuring stainless appliances, a gas range, quartz counters, and a beautiful wine bar. There's also a comfy sitting room, laundry facilities, and two bedrooms on this level. Downstairs, the walk-out basement features a summer kitchenette, a family room, another bedroom, a bathroom, and a large bonus room that's perfect for a gym or playroom. The lower level adds added living space for your family or could make a great in-law, guest, or nanny suite. Outside, the professionally designed yard is a paradise, with a Swim Spa, fire pit, pergola, hot tub, terraced gardens, and plenty of seating areas for entertaining. The yard is fully fenced and offers lots of privacy with views of the valley, surrounding orchards and vineyards and Okanagan Lake. This home is truly one-of-a-kind and is bound to leave a lasting impression. (id:6769)
