Nelson South/Salmo Rural

\$799,000

Where to start? This 2 home property makes you forget you have neighbour's, bordered by towering timbers, a flowing creek, giving you the seclusion and privacy you crave. The main house features a cozy log cabin and wood stove in the living area and vaulted ceilings and big windows upstairs. There is 1 bedroom, a den and living space upstairs. The den could easily be converted into a second bedroom! There is a new dwelling, only 2 years old, set up as an income helper, with 2 bedrooms, 1 bathroom, in-floor heating and 10 foot ceilings. The 40x20 workshop is fully wired as a carpenter's workshop with an attic and crawl space for extra storage, along with a 20' x 12' covered entrance. All the buildings have metal roofs, the main house has a brand new septic system and the secondary home's septic is 2 years old. Every detail has been cared for on this property. The area features old logging and mining roads and trails - perfect for motor sports, cross-country skiing, and hiking. Whether you're an outdoor enthusiast or simply seeking peace and privacy, the recreational opportunities here are endless year-round. (id:6769)
