CLICK TO VIEW VIDEO: Looking for a home that refuses to compromise on space, function, or lifestyle? Welcome to 941 Willow Street, a 2018-built Okanagan Falls home offering over 3,800 sq ft, 4 bedrooms, 3 bathrooms, a double garage, and an impressive 40' x 32' DETACHED SHOP. Inside, the open-concept main floor is built for connection. The standout kitchen features bright white cabinetry, stainless steel appliances, gas range, soft-close cabinetry, and a massive 10-foot island that anchors the space. Character flooring, a warm fireplace, and seamless flow through the dining and living areas make everyday life and entertaining equally comfortable. The massive primary suite feels like a private retreat with a large walk-in closet featuring built-in storage and ensuite with direct deck access. Downstairs adds serious flexibility with 2 bedrooms, a full bathroom, and an expansive family room ready for movie nights, games, workouts, teenagers, or guests. ICF construction adds efficiency and comfort, while the corner lot and quick access to Skaha Lake complete the lifestyle. And then there's the shop: heated with natural gas and equipped with a 2-piece bathroom. 12' doors and 13' ceiling. An exceptional space for projects, storage, vehicles, and toys. Space where you want it, flexibility where you need it, and the beach just minutes away. (id:6769)
