Old Fort Saskatchewan

\$315,000

Enjoy the charming Old Fort area in this quiet bungalow, steps from river valley trails, mature trees, and a true community feel. Inside, the home offers a great layout featuring a large, bright window in the living room. The white kitchen has plenty of storage with a full wall of cabinets and a pantry. Down the hall you will find the primary bedroom, which easily fits a king-size bed and includes generous closet space. The second room is currently set up as a home office with a glass door to let in natural light, but can easily serve as another bedroom. The updated bathroom features a stylish shower with dual showerheads, modern tile, and a new vanity. Downstairs is partially finished with a bedroom, a functional bathroom, laundry area, and flexible open space. In the backyard, you will find a serene stone water feature with a fountain. The outdoor space offers plenty of grass alongside a concrete patio, perfect for entertaining or BBQing. Parking is effortless thanks to an oversized single-car garage! (id:6769)
