

Lot 8 Buck Road Oliver British Columbia

Oliver Mount Baldy

\$99,000

RE/MAX Kelowna
100-1553 Harvey Avenue
Kelowna, BC,
Canada

This little ski area/community perched above BC's wine country is charmingly old-school, with a really friendly vibe! Baldy offers the best value in skiing and property ownership of any other Okanagan ski area...suites are encouraged and included in the zoning. This south-facing lot offers good sun exposure, with all services (including Hydro) underground at the lot line, and is 400m from the base. There are around 160 properties at the resort, with about 110 developed, and around 40 permanent residents. It is a close-knit community that takes on initiatives like Fire Smart, with a community water and sewer system that keeps the cost down for those that own at the resort. With some good planning and advice, you can get a house/cabin built before the 2027-28 ski season starts, OR drop a pre-fab cabin onto a lot and enjoy the 2026-27 season this December! (id:6769)
