

PL201 Big White Road Kelowna British Columbia

Big White

\$2,485,000

"We didn't just build Cambia to sell homes. We built it to feel like a place people could truly return to." -- Andrea & Enrique, Developers. Welcome to Home 201 at Cambia Creekside Residences, a place designed to be part of your story. Perfectly nestled between the Village, Happy Valley, and Black Forest, this home is part of a rare collection crafted for those who value adventure and quiet luxury. With sweeping views of the Monashees and seamless ski-in/ski-out access just steps from your door, Home 201 offers one of four opportunities to be a part of this community. The wide-open kitchen and living areas anchor the main level, framed by expansive windows and a stunning statement fireplace. Upstairs, three spacious bedrooms include a primary suite featuring its own fireplace, walk-in closet, and soaking tub for slow winter mornings. Downstairs, the layout adapts to you: whether it's an extra bedroom and rec room, upgrade to a fully finished guest suite, or an unfinished canvas ready for your own vision. From the steam shower to the premium KitchenAid appliance package, every detail in this home speaks to intention and longevity. (id:6769)
