\$600,000

Turnkey development property for a 4 unit townhouse site available in a fabulous location in Summerland, BC. This project is building permit ready, with much of the site prep completed and all the engineering designs in place. Thoughtfully designed units featuring 3 large bedrooms, 3.5 bathrooms, open concept main floor, single garage plus a generous rec room on the lower level that could present some potential for a studio suite. This project is ready to break ground almost immediately, and would make a great opportunity to help create the necessary, new housing that is in demand in the family oriented community of Summerland.
