Tired of cramming into tiny townhomes? This is your upgrade. With nearly 1,800 sq ft of space, 4 bedrooms, and 4 bathrooms, this renovated townhome has the space of a single family home. The layout feels natural: upstairs find three roomy bedrooms, including a primary with an ensuite, walk-in closet and plenty of natural light. On the main, an open-concept living area flows to a private patio with space to relax. The renovated kitchen's got all the essentials, great storage, newer appliances, and a functional flow with space where you need it. Downstairs, you'll find a fourth bedroom (or rec room) and a full bathroom, a perfect setup for a teenager, a roommate, or just a little more breathing room. This place stands out for those who want square footage without the price tag of a detached home. You'll also get access to a pool and an incredibly central location close to shops, parks, schools, and more. The complex is pet friendly allowing 2 dogs, 2 cats or 1 of each. No renos, no stress, just space and comfort ready for your next chapter. Come see it for yourself! (id:6769)
