Ready to get into the market without paying a large amount? This top floor condo can be that home. It has spacious living with an eat-in kitchen that has great appliances including a Brita filtration drinking water system and dishwasher! The dining space is open to the living room which is so convenient. The bright living room is quite large with newer vinyl plank flooring. It has sliding doors which bring in those nice summer breezes and open onto a large deck. The bathroom has an all in one tub, making cleaning a breeze with no tile or grout to worry about. The main bedroom is big enough so there's many options for placing your furniture. Also in the unit is a good sized storage room with shelves included. This complex has been very well maintained over the years - it offers a central meeting area, laundry in the building, and a parking stall. This could be your next wonderful place to call home!
