\$499,900

The epitome of turnkey living, this entirely modern, move-in ready townhome in an attractive 4-unit complex, built in 2014, offers the low-maintenance lifestyle that's in high demand. The main level is a bright open concept with gleaming laminate flooring. The well-appointed kitchen is outfitted with wood cabinetry and complementary countertops, as well as a tiled backsplash. The adjacent dining room contains French doors leading out to a large balcony, and the living room is spacious and cozy, with a two-piece bath and garage access off the hall. On the upper floor, there is an inviting master suite with walk-in closet and handsome ensuite bathroom. A second bedroom shares the full hall bathroom with guests. Further, a bonus loft space is great as an office or playroom. An unfinished, full-height basement with the mechanicals, abundant storage and roughed-in plumbing/wiring awaits your creative ideas.
