

3503 20 Avenue Vernon British Columbia

\$699,000

Situated on a quieter street in a well-established pocket of Mission Hill, this spacious and versatile freshly painted 6-bedroom, 2-bathroom home offers a functional layout with 3 bedrooms and 1 bathroom on each level—ideal for families, multi-generational living, or those seeking suite potential. The main floor features an updated white kitchen and a bright living room with a cozy wood-burning fireplace, overlooking the surrounding valley. Downstairs, you'll find an additional living area, three bedrooms, and a full bathroom, along with a separate exterior entrance and dedicated parking—providing excellent flexibility. The laundry is conveniently located on the lower level. The lower level also includes a gas fireplace, currently located in one of the bedrooms. With the option to remove the adjoining wall, there is great potential to create a larger, more open living space. A separate workshop adds valuable functionality for hobbies, storage, or projects. The attached garage is currently configured for storage or motorcycles; however, with the installation of a new garage door, it could be adapted to accommodate a vehicle. The yard also has 1 apple tree, 2 apricot trees and a large froup of raspberries. The central location offers easy access to schools, shopping, transit, and everyday amenities. A fantastic opportunity to add value and tailor the home to your needs. (id:6769)
